

Multiply Maths

Preparing your Child for Maths SATs

for parents of children in Years 5 and 6

Do you have a child in Year 5 or 6? Are they gearing up for their Maths SATs? Are you feeling a little unsure about how to best support them through this important milestone?

We've got just the thing to help - and we promise it's not all about numbers and equations!

Join us and learn how to quickly and easily help your child with their maths homework, increase your confidence in maths and gain lots of tips, activity ideas and resources!

To help you support your child further you will receive a revision book to take home at the end of the two sessions and a £10 voucher to treat your child after all their hard work!

The course consists of two sessions:

7th & 14th March - 9.30am to 11.30am
at Ghyllgrove Primary School
